

In Memoriam

Name: Dr Sekhar Ranjan Bhadra Choudhury

Date of Death: July 5, 2021

Dr Sekhar Ranjan Bhadra Choudhury passed away untimely on 5th July 2021 in Kolkata, at Apollo Hospital. He was infected by Corona Virus in last month. Though he recovered from the viral ailment but later developed some other complications, which led to his sudden demise.

He is survived by his two sons, daughter in laws and grandchildren. His wife, Dipti Bhadra Choudhury, passed away about couple of year back.

Dr Bhadra Choudhury did his Graduation in Electronics & Telecommunication (E & TC) in 1974 and Masters in 1978. Later did Ph.D. Engineering from Jadavpur University.

After serving as Assistant Training Officer in Jalpaiguri Govt. Engineering College for few years, he joined B E College in 1982, as a professor in E&TC Department and continued till he was superannuated. He was also the founder member of the B E College School of Management Science.

His most focused areas for research was (a) Micro strip antenna and circuits (b) Wireless / Mobile Communication & Network, Information & Network Security, Digital System Design and (c) Human Resource & Marketing Management.

He was a multitalented person and loved by his family, friends and neighbours. He had a very special liking for theatrical perform in stage as well directing plays, since his school days. He was also closely involved with various social activates by the famous century old Bagbazar Sarbojonin Durgostsab Committee. He also served as Chairman for their Centenary Year Committee.
