

OBITUARY

Sanjoy Mukherjee

(03.02.1964 to 01.01.2024)

Sanjoy was second in merit list in the 1986 batch of Civil Engineering and joined Engineers India Limited (EIL) as a Management Trainee in the same year. Later he also completed M. Tech from IIT Delhi and MBA from IMT Ghaziabad. Because of his dedication, hard work and competences, he was identified by the management as one of the Fast-Track officers in EIL, and was quickly elevated to the post of Executive Director (ED) heading the Infrastructure Division of EIL. A charismatic, friendly and thorough gentleman of impeccable integrity, hardly to be found now-a-days, Sanjoy's leadership was marked by the successful execution of numerous prestigious projects. To name a few are:

- Independent Engineer Services for Delhi Airport Modernisation Project
- Independent Engineer Services for Mumbai Airport Modernisation Project
- Independent Engineer Services for Development of Greenfield International Airport at Goa
- Detailed Project Report for Airports at Vijayawada, Rajkot, G. Nicobar
- EPCM services for RBI Data Centre & Training Institute at Bhubaneshwar
- PMC Services for Interceptor Sewers along 3 Major Drains in Delhi for Abatement of Pollution in Yamuna River

He was very active and regular to our all BECAAD programs and extended his helping hands, whenever asked for.

His untimely demise is an irreplaceable loss, leaving a void in both professional circles and the heart of those who knew him.

Let's all pray for the peace and final liberation (Moksha) of his soul.
